

Mathematics Graduation Requirements: Classes 2006 Through 2011

By Kyle Zinth

Updated August 2006

While not a uniform development across all states, many states are increasing the number of mathematics units a student must complete to earn a high school diploma through the class of 2011. This document provides an overview of the trend. Listed requirements do not take into account the differentiated diplomas that exist in some states, and instead focus on the minimum requirements needed to earn a high school diploma. The District of Columbia is treated as a state for the purposes of this document.

Current Requirements in Place for the Class of 2006:

Requirements to Take Effect by the Class of 2011:
