

## Wisconsin State Profile

November 1, 2020

State profiles for the 50-State Comparison on postsecondary governance structures summarize information about coordinating boards/agencies and governing boards, administrative/service agencies, advisory groups and membership organizations. The most in-depth information is provided for statewide and major postsecondary systemwide coordinating boards/agencies and governing boards.

*Note:* This resource does not include information related to setting tuition rates, administering funding formulas or allocating funds. The state profile information is based primarily on statutes, codes and state and postsecondary system board/agency policies. To the extent possible, Education Commission of the States reached out to state and system officials to verify our information.

### State Overview

Wisconsin does not have a single, statewide coordinating or governing board for postsecondary education. The Board of Regents of the University of Wisconsin System governs the institutions, which do not have local boards, and appoints the system’s president. As of July 2018, the 13 two-year campuses formerly known as UW Colleges became branch campuses of seven of the system’s four-year comprehensive or research institutions. The system office carries out board policies, administers academic and student success programs, and conducts research and policy analysis, among other responsibilities. Wisconsin’s Technical College System Board coordinates the technical institutions, which are governed by local boards, and appoints the president. The system office implements statewide policies and standards approved by the board and provides data and reporting services, among other responsibilities. The Wisconsin Higher Educational Aids Board administers student financial aid programs and tuition reciprocity agreements, and provides training related to financial assistance. The Educational Approval Program, located within the Wisconsin Department of Safety and Professional Services, is charged with authorizing private trade, technical and other degree-granting schools.
